

**THE UNTOUCHABLE
20YR PLUS REIGN EX COP
COLIN "CIRCLES" PACE
CROOKED AS A "DOGS HIND LEG"
AND CORRUPT TO THE CORE
ACCORDING TO HIS POLICE SUPERIORS.**

NOW EMPLOYED AS POLICE LIAISON OFFICER AND LOBBYIST TO THE JUSTICE SYSTEM. BY THE LIKES OF MATICH "DIRECTORS FOR RENT".

When he was cleared by "Internal Affairs" of involvement in running prostitution, illegal gambling, taking bribes whilst a Detective Sergeant and Inspector of Police and charges found, not proved, Circles was promoted to OIC W.A. Fraud Squad. Then after more complaints and other internal inquiries including having worked for Laurie Connel, Rothwells Chief and being full time bookkeeper for Myers a well known racing horse trainer identity and prostitution racketeer, all whilst holding down his part time job as Chief of Fraud Squad. It was once again found, charges not proved by yet another "internal inquiry".

Pace, flourished as a Private Investigator under the best forgotten Attorney General this State has ever endured. That's right the Right Honourable Jim McGinty, who also had more than one job at a time. He also was the Health Minister who turned our hospitals into "Departure Lounges".

Jim and his lackeys could not even see that Button, Beamish, Mallard, White and Greer were framed for murder, let alone that the Micklebergs were also framed for the Great Mint swindle no matter how many times we told him. When he could not deny it anymore he still refused compensation after we proved the Micklebergs innocence.

Then again Kucera that other best forgotten Health Minister, relative of Jim's had given sworn evidence against them hadn't he. Not to mention the relationship of Kucera and McGinty, during the verballing of Ripley over the bombing of the National Service Office during the Vietnam War - Oh let's not forget the two teaming up again over the current McGinty - McVeigh - McMahon - controversy. "Child Rape".

McGinty would claim "How far do you want to go back Terry - I would say as far back as you have to - was my standard reply.

Well let's see if any of the authorities can understand simple perjury, going back just 7yrs. As I publish this short story on Colin "Circle" Pace - perjury goes to the "Very Core" of our **Just-US System**. At least that is what our be-wigged judges tell us when some "unconnected" Felon is found guilty of his heinous crime.

See if the "Fear" our leaders have of Pace will save Pace, yet again from facing a real Court of Justice rather an internal inquiry. I hope so, especially as an ex-cop he is no longer entitled to one.
